Montgomery, Alabama 36117-4305

PROTECTIONPLUS™

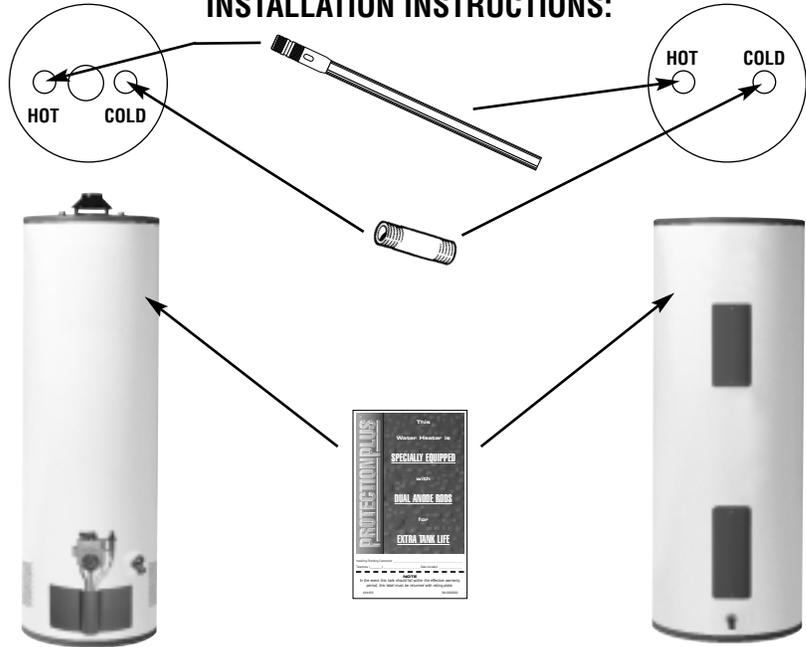

4 Year Limited Warranty Extension Kit
PART NUMBER: SP20079 (SOLD ONLY IN 6 PACKAGE QUANTITY)

THIS KIT CONTAINS:

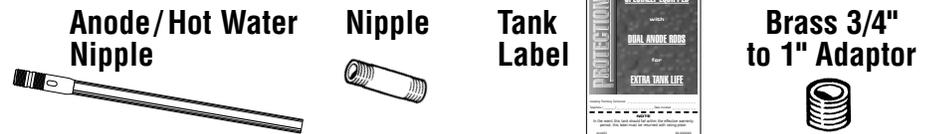

- High quality magnesium anode rod with plastic lined nipple (hot side)
- Plastic lined nipple (cold side)
- Brass 3/4" to 1" adaptor
- Warranty certificate with instructions
- ProtectionPlus™ label to be placed on water heater

For use on Rheem® and Ruud® residential Fury, Pacemaker and Professional models.

INSTALLATION INSTRUCTIONS:

PROTECTIONPLUS™ PART LIST:

1. Remove any factory installed water connections (nipples) from the hot water outlet.
2. Install the combination anode/hot water nipple into the hot water outlet coupling of the water heater.
3. Install the cold water nipple (3") into the cold water inlet coupling of the water heater.
4. Place ProtectionPlus™ label next to warning label on the front of the water heater.

* Please note that some water heaters are equipped with an internal heat trap in the hot water outlet which must be removed prior to installing the combination anode/hot water nipple.

(The bottom portion of this label will be used to validate warranty in the event of tank failure.) DO NOT place over any of the existing labels.

5. Follow all installation instructions as outlined in water heater's "Use and Care Manual".
6. Replace factory provided "Certificate of Limited Warranty" with this ProtectionPlus™ "Certificate of Limited Warranty".

** Some models require a 3/4" to 1" adaptor.
